Hi Jess and Julia!

I'm hoping to meet next Monday December 12, 3:30-4:30pm. I'll be at the underground Federal Building Annex- 222 8th Ave- outside whatever room the Grants Management training is in. Please call my cell if this won't work for you, or if anything changes (716) 269-9685. Also, I'm still waiting to hear from our science office about their availability for a Cook Inlet Discharges Discussion Monday the 19th, but I'll let you know as soon as I do. See you soon!
